PASTOR’S MESSAGE:

What is Rally Day?

In many Protestant churches, Rally Day marks the beginning of the church calendar year. It typically occurs in September or early October. The customs associated with it vary quite a bit from parades and picnics to special church meetings where goals for the coming year are presented.

I do not know when and if Townley has ever had a Rally Day. It will be the first time for me. Understanding that our late scheduling of the event, **November 12**, is atypical, I do believe that we can still set aside a date in which we can “rally” around our church’s Task Forces as they begin their planning for 2024.

Task Forces? Yes, Task Forces. Task Forces are the way in which our Session accomplishes its work. There are three Task Forces: **Support, Program and Vocation.**

- The **Support Task Force** handles things like: Finances & Budget, Buildings & Grounds, Rentals (leases) and Personnel.
- The **Program Task Force** tackles Evangelism, Mission/Outreach, Stewardship, Congregational Care, Fellowship, Roadhouse, and Media Outreach (Webpage, Newsletter, Facebook, Advertising).
- The **Vocation Task Force** covers Christian Ed. (Sunday School, Bible Study, Confirmation Classes, Youth Activities, Monday Prayer Group, etc.), Leadership Development, Worship, and Music.

As you might sense, the responsibilities of Townley’s Task Forces are quite extensive and important. Elders of our Session are assigned to each Task Force to not only provide oversight, but are actively engaged in its respective workings. Here’s where you come in. You need not be an elder to be involved in the work of our various task forces. In fact, you are invited and encouraged to participate in that work.

Let us use Rally Day as an opportunity to get to know the work and people associated with our Task Forces. Immediately after our morning worship service on the 12th, tables have been arranged in Bailey Hall so that you can meet and greet those involved in this work. My hope and prayer is that with a better understanding of our Task Forces, you might avail yourself to this important work.

Daylight Savings Time – concludes at 2 am on Sunday, November 5, 2023, when the clock will fall back one hour.

REGARDING RULING ELDERS: A MONTHLY SERIES FOR SERVING FAITHFULLY

*Making a Meaningful Difference in the World
by Valerie izumi – October 16, 2023*

In the Directory for Worship of the *Book of Order*, the charge, as a part of the act of sending, is described in this way: “We are blessed to be a blessing to others. The charge calls the church to go forth as agents of God’s mission in the world” and because “ruling elders have oversight of the church’s faithfulness to God’s mission, it is fitting for a deacon or ruling elder to speak the charge.” (W-3.0502)

The report of the Special Committee on Racism Truth and Reconciliation approved by the 225th General Assembly (2022) ends with this charge from Isaiah 58:6:

Listen now, God’s people!
Let us repent for those we have harmed.
Let us repair spirits we have crushed.
Let us restore those we have broken.
This is the fast that God has chosen for us.
(The Inclusive Bible)

As we listen to this charge and God’s call, how might we become agents of transformation of creation and humanity?

As a 10-year-old girl from Leland, Mississippi, Ruling Elder Willye Bryan fled the South with her family and became one of almost six million people who, during the six-decade-long Great Migration — the Black Migration — fled the South for cities in the North, East, and West to escape the segregation and oppression of Jim Crow laws.

A sixth-grader, she was placed back into the fifth grade because of unjust and discriminatory beliefs. Fortunately, because the future Dr. Bryan excelled with the fifth-grade material (she says, “been there, done that!”) she was restored to her rightful place in the sixth grade. It was there that a book on the life cycle of the mayfly piqued her interest and set her along a road that led her to become an educator, a researcher, an entomologist, and even a pioneer — as few Black people, and in particular Black women, had been drawn to that field. Her work on biological control of insect pests had a positive impact on protecting the environment and the lives of communities of color

In 2020, as the coronavirus pandemic was in full force, Bryan, who had been actively involved in racial and social justice work in the church, found herself reflecting on how Black communities were disproportionately impacted. She was not alone in realizing that the health impact on Black Americans was “amplifying or even worsening existing social inequalities tied to race, class, and access to the health care system.” This reality, as well as the murder of George Floyd, raised questions and concerns from the white members of her church community. In response, Bryan held adult education for the majority white congregation about the history of Black people and the full spectrum of who Black Americans are in America. It was a social justice awakening.

Subsequently, Bryan founded the [Justice League of Greater Lansing](#) in Michigan to tell the story of the history of Black people in America and the history of racial inequities and disparities that continue to impact Black communities and perpetuate generational wealth gaps. The Justice League hopes to collect \$1 million to support the development and advancement of Black businesses, housing, and more for the restoration to the fullness and equality of creation and humanity God intends.

As Bryan tells the story of our history, ears open and hearts begin to be transformed.

For ruling elders who speak the charge, we give thanks to God.
